ABOUT EXPO

CCTV Expo is a one & only specialized exhibition in Sweden for CCTVs, Access Control & Integration Systems & Security Technologies, The surveillance market in Sweden has increased tremendously over the past decade. The high level security needs of the people have led to the demand for more refined Surveillance Equipment.

Closed circuit TV cameras or CCTV cameras are being looked upon as a prime tool in improving the security apparatus of a city. According to the concluding remarks of the round-table, 'Technology modernisation for Safer and Smarter Cities' held recently, investing in the latest video surveillance technology with highest-resolution cameras, best quality analytical tools and highest capacity storage would help lead to smart surveillance systems for secure and safe areas.

The objective of CCTV Expo is to target prospective buyers and sellers to come at a single platform to cater the needs and requirements for their entire Safety and Security fraternity, not just from Sweden, but from other Nordic countries as well.
